

An Introduction to Weather Satellite Imagery

An interpretation of satellite images and applications for identifying cloud types, weather features and weather hazards. The second part of the talk will explore products provided by the Aviation Weather Center. Become weather aware by looking up METARs, understanding a Terminal Area Forecast (TAF) and where to find hazardous weather information.

Directions: From the east, take I-90 to Exit 289 (Pines). Go left (south) to Sprague Ave, turn right (west) and proceed to the University City Shopping Center (just as Sprague becomes a one-way). Darcy's, and the shopping center, are on the left.
